Work Experience

Independent Contractor *06/2021 - 10/2021*
Mitech One LLC

- Designed and developed a car auction website using WordPress, JavaScript, HTML, and CSS.
- Enabled registered users to place bids, follow auctions, and communicate through comments, with email notifications for updates.
- Received an offer to join the company in an IT role after completing the contract.

Technologies

HTML | CSS | JavaScript / TypeScript | Tailwind CSS | React | Node.js | Next.js | Prisma | MongoDB | SQL

Selected Projects

Colibri Physical Therapy *Updated 10/2026*

Technologies: HTML, CSS, JavaScript, EmailJS, Playwright

- Developed a responsive physical therapy website with service listings, FAQs, and mobile navigation.
- Built keyboard-accessible visit requests with validation, EmailJS, and email fallback; added Playwright checks.

BidLane *05/2024 · Updated 09/2026*

Technologies: Next.js, React, TypeScript, MongoDB, Prisma, Pusher, NextAuth, Cloudinary, Tailwind CSS

- Built a responsive vehicle auction marketplace covering listing creation, search, bidding, comments, and watchlists.
- Implemented transactional bid processing with optimistic concurrency checks to prevent conflicting bids; broadcast live bids and last-minute countdown extensions through Pusher.
- Integrated NextAuth for authenticated participation and Cloudinary for vehicle images, with seller tools for reserve prices and auction management.

Personal Portfolio *Updated 09/2026*

Technologies: Astro, React, TypeScript, Playwright

- Updated a portfolio and services website with project case studies, static Astro pages, and an interactive React contact form.
- Added Playwright coverage for contact form states, navigation, and desktop and mobile layouts.

freeCodeCamp Certifications

- Responsive Web Design
- JavaScript Algorithms and Data Structures
- Front End Development Libraries
- Data Visualization
- Back End Development and APIs
